Join in our 2018 celebrations
We have so much to celebrate

I have no doubt that 2018 will be a year to remember for all associated with St Hilda’s and rightly so. For 125 years St Hilda’s has fostered academic excellence and equality of opportunity; there is much to celebrate and ambitious plans to share for the College’s future. These include our building project that will begin in the summer representing an important step towards our goal to create the facilities and help to secure the future of our College as a serious international competitor within the challenging world of higher education.

To mark the 125th anniversary of our foundation, we have put together a year-long calendar of events which we believe does justice to St Hilda’s past and present as a world-class academic institution. The programme offers a wide range of events including: music, lectures, exhibitions, reunions and parties.

We are deeply grateful to the many distinguished alumnae and friends of the College who have lent their support and are featured in the programme including alumnae Katty Kay and Bettany Hughes, and JdP Patron Steven Isserlis. We also feature the work of our Fellows: Dr Lyndall Gordon on Virginia Woolf, Dr Daniel Bulte on technology in modern medicine at the Wellcome Trust and Dr Anita Avramides, chairing the first Kathy Wilkes Memorial Conference – to name only a few.

Programme highlights include: the international debut of St Hilda of Whitby: A Cantata, written by Nicola LeFanu and Wendy Cope especially to mark the start of our 125th year; a screening of College Girls, the Channel 4 documentary following six St Hilda’s students; the first St Hilda’s College dinner in San Francisco; a Garden Party, complete with Victorian Fairground; and, of course, the Gaudy with the 1920s-themed Gala Dinner.

While some aspects of the College may change over time, others remain constant: the pride the College takes in the achievements of its Fellows, students and alumnae, and the ambition it has for the future. During 2018 it is my sincere hope you will join us to celebrate our past and these considerable achievements and raise a glass to usher in the future!

She played an important part in the so-called Velvet Revolution in Czechoslovakia. President Václav Havel awarded her the Commemorative Medal of the President of the Czech Republic in October 1998. Later, she lived in Dubrovnik and supported the Croatians in their war for independence. For her efforts she was made an honorary citizen of Dubrovnik, and a plaque in her honour can be found just outside the city walls. For all her achievements – philosophical and political – the College has much to be proud of in Kathy Wilkes. This conference is to honour those achievements.
Participants and speakers will include:

Helen Steward – Professor of Philosophy at Leeds University (and former student of Kathy’s here at St Hilda’s).

Sir Anthony Kenny – philosopher, Emeritus Fellow, St John’s College, formerly Master of Balliol College, President of the British Academy and Pro-Vice Chancellor for Development.

Founder’s Day Service of Thanksgiving followed by drinks reception

University Church of St Mary The Virgin

Time: 6.00pm

What better way to round off the 125th Anniversary than to remember how it all began? St Hilda’s College holds our annual Founder’s Day Service on the Wednesday closest to 17 November, St Hilda’s Day. On this occasion we recollect our Founder, Dorothea Beale, and give thanks for the benefactors who have enabled the continuation of the College since 1893.

We hold this celebration in the University Church with readings and music including, as has become traditional, a new setting of The Hymn Of Caedmon composed by a current undergraduate. We welcome all students and alumnae to join us in what is, very fittingly, the final event of what we hope will be an excellent year.
